

# PROTECT by Leica Geosystems A Lifetime Guarantee...

though  
even your tools  
work and work and  
and work and work  
and work and work  
and work and work

## Our products are built to last!

Understanding construction and our customers' needs has enabled us to develop product solutions for all positioning, measuring, levelling, aligning and plumbing tasks on site. Our products provide the highest levels of reliability, accuracy and ruggedness - even under the roughest jobsite conditions, making our customers more productive and successful.

With Protect by Leica Geosystems, we offer a best-in-class service where customers can count on us, anytime, anywhere.

# PROTECT by Leica Geosystems

Because the best products  
come with the best service

## Lifetime Manufacturer's Warranty

Warranty coverage for the entire usage time of the product, in accordance with Leica Geosystems International Limited Warranty. This includes free of charge repair or replacement for all products that suffer defects as a result of faults in materials or manufacturing.

## No Cost Period

Guaranteed best-in-class service should your product become defective or require servicing under normal conditions of use, as described in the user manual, at no additional charge to you.

### Our service includes:

- Repair or replacement of all defective parts, including labour time
- Adjustment and calibration
- Thorough functional test and safety check
- Maintenance, cleaning of product and carrying case

Your serviced product will be returned back to you as good as new!

## Certified Quality

Leica Geosystems runs calibration laboratories (No. SCS079) and a test laboratory (No. STS549). Both are fully accredited by the SAS, the Swiss Accreditation Service. The calibration and test certificates issued by Leica Geosystems are officially and internationally recognised for horizon, angle, distance, frequency and laser classification. This confirmation of precision guarantees the highest possible reliability for our products. All laboratories are regularly controlled by an independent national institution according to ISO 17025.

## Swiss Technology

Swiss Technology creates confidence. Our worldwide operations are in state-of-the-art production centres, where Swiss precision, extraordinary craftsmanship, and cutting-edge technology go hand-in-hand. Continuous and extensive tests throughout all stages of development and production ensure our products meet the highest standards for precision and quality.

## We are always there for you.

With a global network consisting of 260 service centres in 87 countries, Leica Geosystems has a powerful network to support you.
