

NOVA R

Dimmable, handheld rechargeable COB LED work light

NOVA R is a new, universal all-round work light designed for the professional user.

The lamp is remarkably slim, handy and compact with a maximum light output, which can be adjusted accordingly. The light dimmer function makes it possible to adjust the light into five different steps.

The lamp is easy to carry and is ergonomically designed for a good grip on the handle, which is also equipped with powerful integrated magnets for flexible mounting.

Due to the flexible handle the NOVA R can be placed in different positions to obtain the desired lighting angle. The handle is designed for direct mounting on the TRIPOD or the SCAFFOLDING BRACKET.

As an extra feature, NOVA R has a built-in power bank with USB outlet to charge mobile devices.

Featuring the latest and unique COB LED technology, the NOVA R provides extremely high light output, with a uniform and even illumination. The housing is made of sturdy diecasted aluminium and resistant to strokes, shocks and vibrations. The durable construction approves NOVA R to ROUGH SERVICE USE which makes it perfect for the demanding, rough working environment.

- Rechargeable COB LED work light with maximum light output, up to 1500 lumen
- Ultra-slim and compact design
- Light dimmable in 5 steps
- Durable for ROUGH SERVICE USE
- Flexible positioning
